## LED Screens for Entertainment and What's On!

### Outdoor Entertainment creates a great atmosphere - Let them know What's On!

Let your visitors and holiday makers enjoy a world of great entertainment on an Indoor or Outdoor LED Screen.

We can install a large LED screen around the park to relay information such as 'What's On', adverts, site information and entertainment such as movie night or live sport or TV.

Once word gets around, and customers hear that you have an outdoor TV screen then your establishment will be the place to go for both holiday and entertainment!

Customers are more likely to make yours the holiday park of choice, potentially bringing their friends and family and growing your customer numbers and your profits.

***Outdoor TV entertainment has been proven to increase customer numbers creating new revenue opportunities with not only additional rental income from the caravans, lodges or pitches, but additional food and drink sales. More customers using your site will, of course, increase your turnover and your profits.***
